Mrs. Susan Ernst  
Royal Electric Construction Corp.  
1250 Memory Lane  
Columbus, Ohio 43209

Dear Susan,

I want to take this opportunity to thank Royal Electric and specifically your team at Glacier Ridge Elementary for a job well done. It takes teamwork and cooperation to keep a construction project on schedule and under budget. This is what we strive for but without the efforts of many hard working contractors it can be difficult to accomplish. I would like to reinforce what I am sure you already know, Ron, Roger and Wayne were instrumental in the success of this project. I am appreciative of their professional hard work and quality performance during the course of this project from schedule development through project closeout.

I look forward to working with you again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "James A. Jones Jr.", written over a faint, illegible background.

James A. Jones Jr.  
Project Manager  
Ruscilli Construction Co., Inc.
